

INTEREST BADGES

AVIATION | 1. WHAT FLIES?

BENTLEY PRIORY MUSEUM

Can you come up with at least 40 things that fly?

To get you started, we've had a look around the Museum and have found 14 in our galleries and gardens.

If you're visiting the Museum, see if you can find them and draw a line to the room you find them in on the map. They might be individual objects, or they might be part of a larger artwork or display.

How many more can you think of?

40 THINGS THAT FLY
